### 13. Professional experience:

Date	Location	Company	Position	Description
02/2025 – Present (planned completion in August 2026)	Remotely	GIZ / ICON Institute	Team Leader	<p><b>Team Leader – ESG Compliance Project for Tanneries in the SADC Region</b> part of <b>GIZ’s CESARE Programme</b> (intermittent, 15% of the time)  <b>Implemented by ICON-INSTITUTE (Germany)</b></p> <p>The project strengthens the capacities of selected tanneries in four SADC member states— Namibia, Zambia, Zimbabwe, and Madagascar—to meet international ESG standards and improve sustainability performance.</p> <p>The position is remotely and intermittent (15% of the time), with responsibility for managing a multidisciplinary team consisting of one international and one regional expert providing on-site technical support. Key duties include overall project leadership and coordination, establishment and implementation of monitoring and quality assurance systems for project activities and deliverables, stakeholder and client relations, and preparation of technical and financial reports for GIZ. Supported six tanneries in meeting SLF or LWG standards for ESG.</p>
05/2025 - Present	The Netherlands and Vietnam	WOO Social Ventures	Director	<p><b>Director Supply Chains and Impact Assurance</b> (part-time, approx. 20% of the time)</p> <p>WOO (Worlds of Opportunities) is a Netherlands-based, <b>impact-driven enterprise focused on the design and development of inclusive supply chains</b> within the lifestyle products sector. The company integrates individuals facing barriers to the labour market into commercially viable value chains, thereby generating sustainable employment, enhancing income security, and delivering measurable social impact. WOO operates in the Netherlands and in various low- and middle-income countries (LMICs), including Vietnam.</p> <p><b>Responsible for assuring impact across various supply chains in the Netherlands and Asia</b>, with strong involvement of a wide range of upstream micro- and small-scale enterprises. <b>Impact data is managed as an integrated component of WOO products.</b> Activities include direct engagement with supply chain actors in the Netherlands and internationally.</p> <p>Sind mid-2025, engaged approx. 40 people across 3 supply chain partners, with a turnover of approx. Euro 100,000.</p>

Date	Location	Company	Position	Description
05/2023 – 04/2025	Dhaka, Bangladesh	GIZ / ICON Institute	Team Leader	<p><b>Team Leader – Occupational Health and Safety (OHS) in the Tannery Sector in Bangladesh,</b> component of the <b>Good Working Conditions in Tanneries (GOTAN) project</b>, part of GIZ’s <b>Textile Industry Cluster Programme</b> Implemented by <b>ICON-INSTITUTE (Germany)</b></p> <p>The project focuses on developing a sustainable market system for OHS training and advisory services tailored to the needs of Bangladeshi tanneries, and on strengthening higher education institutions in OHS-related curricula and trainer capacity development.</p> <p>Responsibilities include the design and implementation of a comprehensive and sustainable OHS market system encompassing occupational safety, chemical management, and energy management. The role involves managing national experts and a pool of short-term international and local consultants and coordinating closely with key sector stakeholders — including two major tannery business associations, two universities, and a network of private and public training and service providers.</p> <p>Applying a <b>Market Systems Development (MSD)</b> approach, the project promotes the large-scale adoption of improved OHS practices in tanneries, enhancing both worker safety and international competitiveness. The position was intermittent (approximately 75%), based primarily in Bangladesh. The project reached out, and created a positive impact on over 80 different tanneries.</p>

Date	Location	Company	Position	Description
04/2021 – 03/2023	Hanoi, Vietnam	USAID / IESC	Senior Advisor	<p><b>Senior Advisor – USAID LinkSME Project, Vietnam Implemented by IESC (International Executive Service Corps – USA)</b></p> <p>The project is a 5-year, USD 25 million USAID-financed initiative implemented that strengthens the capabilities of Vietnamese SMEs to meet international market requirements in areas such as technology, sustainability, traceability, and quality. It facilitates systemic market change by providing capacity development and support services through intermediary organisations — including business associations, manufacturing support centres, and SME promotion agencies. The project focuses on the <b>metal, electronics, agro-processing, textile and garment, and wood products</b> sectors, with interventions in <b>digital transformation, access to finance, business support systems, and supply chain development</b>.</p> <p>As Senior Advisor, responsible for ensuring technical quality and supporting the project team and partner organisations in applying a <b>Market Systems Development (MSD)</b> approach. Key functions included developing intervention strategies and implementation methodologies, coaching project staff and consultants, and guiding the process of engaging lead firms. Additionally, advised the project on the design and roll-out of its <b>planning, monitoring, and evaluation (PME)</b> system. More than 40 enterprises received intense support from the project and linked to international markets. Additionally, over 30 Business Support Organisations were capacitated, who on their turn reached out to approx. 10,000 SMEs.</p> <p>Concurrently served as Chair of the Supervisory Board of the <i>Ready for Export in Vietnam</i> programme, financed by the <b>Netherlands Enterprise Agency (RVO)</b> and implemented by the <b>Dutch Business Association Vietnam (DBAV)</b>.</p>

Date	Location	Company	Position	Description
Prox.	Addis Ababa, Ethiopia	GIZ / EU / Integration	Team Leader	<p><b>Team Leader – Skills Development for Workforce in and around Integrated Agro-Industrial Parks, Ethiopia. EU-funded project under the PROSEAD Programme Implemented by Integration Consulting Group (Germany)</b></p> <p>Responsible for the design and implementation of short- and long-term <b>vocational training programmes</b> for the agro-processing industry, developed in close collaboration with TVET colleges, polytechnics, and private training providers. Ensured integration of cross-cutting themes such as gender mainstreaming, digitalisation, and conflict sensitivity across all interventions.</p> <p>Key achievements include the development of <b>comprehensive training modules</b>, design and delivery of <b>train-the-trainer programmes</b>, and facilitation of <b>industry engagement in cooperative training models</b>. Managed a multidisciplinary team of national and international long- and short-term experts.</p>
02/2018 – 02/2020	Dhaka, Bangladesh	GIZ / GFA	Team Leader	<p><b>Team Leader – Sustainable Economic Growth Strategies Project, Bangladesh</b> part of <b>GIZ’s Textile Industry Cluster Programme. Implemented by GFA Consulting Group (Germany)</b></p> <p>The project works with five major business associations from the <b>Ready-Made Garment (RMG)</b> and <b>Leather</b> sectors to strengthen sustainability reporting and drive systemic improvements in social and environmental compliance.</p> <p>The initiative focuses on developing a <b>market system for sustainability reporting</b> at both sectoral and enterprise levels. Capacity building of the business associations and a network of 17 national consultancy firms supports systemic and sustainable change across the industries. Business associations are guided in drafting <b>roadmaps for sustainable economic growth</b>, enabling them to better facilitate compliance with international standards. In cooperation with the Ministry of Industries, the project also supported the <b>formulation of the national Leather Sector Policy</b>.</p> <p>During the inception phase, extensive <b>sector analyses and stakeholder consultations</b>—including interviews with over 85 public and private stakeholders—led to two comprehensive sector reports.</p> <p>As Team Leader, responsible for overall project implementation and management, ensuring adherence to international best practices, quality assurance in all processes, and achievement of project targets. Led a team of four full-time staff and a pool of ten national and international short-term experts.</p>

Date	Location	Company	Position	Description
10/2017 – 01/2018	Ho Chi Minh City, Vietnam	WOO Social Ventures	Manager	<p><b>Manager Impact and Quality Assurance – Good Works Initiative (GWI)</b></p> <p>WOO Social Ventures is described above (05/2025 – Present)</p> <p>Responsible for the <b>development and oversight of WOO’s impact and quality assurance system</b> in Vietnam, ensuring that WOO’s operations and products align with the Sustainable Development Goals (SDG 8: Decent Work and Economic Growth, and SDG 12: Responsible Consumption and Production).</p>
04/2014 – 08/2017	Dhaka, Bangladesh	DFID / SDC / Palladium	Team Leader	<p><b>Team Leader – Skills for Employment Programme (Bangladesh) DFID (now FCDO) and SDC funded programme (GBP 20 million, 5 years) Implemented by Palladium (United Kingdom)</b></p> <p>The programme aims to facilitate the training and employment of <b>100,000 individuals</b> from disadvantaged groups, including women and the extreme poor, primarily in the <b>Ready-Made Garments (RMG)</b> and <b>construction</b> sectors.</p> <p>Working in partnership with industry associations and private training providers, the programme strengthens market-driven training systems and promotes awareness of the value of skills development among both trainees and employers. It supports industry skills councils, develops skills training packages aligned with national occupational standards, and builds the capacity of national training consultancy service providers to ensure sustainable, long-term system development.</p> <p>As Team Leader, responsible for the overall strategic leadership, innovation, and impact of the programme. Key responsibilities included:</p> <ul style="list-style-type: none"> <li>• Providing technical leadership in intervention design, quality assurance, and results measurement;</li> <li>• Managing a core project team of 25 professionals, 7 support staff, and a pool of international and national consultants;</li> <li>• Leading stakeholder relations with development partners, government, and industry representatives, and representing the programme at policy level;</li> <li>• Overseeing <b>financial management, procurement, administration</b>, and the application of <b>M4P (Markets for the Poor)</b> and <b>DCED Standard for Results Measurement</b> approaches to ensure scalable, replicable TVET market systems.</li> </ul> <p>The programme consistently achieved high performance, earning <b>three consecutive “A” ratings</b> in annual DFID reviews.</p>

Date	Location	Company	Position	Description
01/2012 – 12/2013	Lagos, Nigeria	DFID / Coffey International Development	Team Leader GEMS2  Managing Director Coffey Nigeria	<p><b>Team Leader – Growth and Employment in States (GEMS-2) Programme, Nigeria</b>  <b>DFID (now FCDO) funded programme (GBP 13.5 million, 3 years)</b>  <b>Implemented by Coffey International</b></p> <p>The project aimed to improve the performance and inclusiveness of <b>SMEs in the construction sector</b>, focusing on market systems related to vocational training (including a large Modern Apprenticeship Training Programme), labour procurement, input supply chains, business services, and policy advocacy.</p> <p>The overall goal was to increase the incomes of <b>110,000 artisans</b> and generate <b>20,000 full-time equivalent jobs</b>, achieving a value-for-money (VfM) ratio of 4.7. The programme included a <b>GBP 3.5 million Challenge Fund</b> to stimulate private-sector vocational training initiatives and innovations.</p> <p>As Team Leader, managed a team of <b>15 national and international experts and provided overall strategic direction and leadership, ensuring the</b> consistent application of <b>Markets for the Poor (M4P)</b> principles throughout all interventions. Played a key role in the design and integration of a comprehensive monitoring and evaluation system aligned with the <b>DCED Standard for Results Measurement</b> to ensure evidence-based management and accountability.</p>

Date	Location	Company	Position	Description
06/2011 – 12/2011	Addis Ababa, Ethiopia	Fair & Sustainable Consulting	General Manager	<p><b>Managing Director – Fair &amp; Sustainable Ethiopia Addis Ababa, Ethiopia</b></p> <p>Fair &amp; Sustainable Consulting is a private sector consultancy organisation for agriculture development owned by ICCO, a Dutch NGO.</p> <p>Responsible for the management, strategic growth, and business development of Fair &amp; Sustainable Ethiopia, a locally established but foreign-owned consultancy firm specialising in <b>agricultural and private sector development</b>. Under this leadership, the organisation became a trusted partner for numerous development cooperation agencies and programmes working in areas such as <b>agricultural value chain development, Markets for the Poor (M4P)</b> approaches, <b>food security, business development services (BDS), private sector investment, skills development, monitoring and evaluation (M&amp;E), and trade promotion</b>.</p> <p>Activities centred on SME development and included conducting value chain analyses (notably for oilseeds and bamboo), providing business development and product innovation support, strengthening Farmer Interest Groups, facilitating B2B linkages, and developing M&amp;E systems for agricultural programmes.</p> <p>Key clients included <b>Wageningen University (WUR)</b>, DGIS (Netherlands Development Cooperation), AgriProFocus, Africa Juice, Scope-Insight, and Terrafina. In addition, served as Country Representative for AgriProFocus (APF), a Netherlands-based agricultural development network operating across 12 African countries.</p>

Date	Location	Company	Position	Description
08/2008 – 05/2011	Hanoi, Vietnam	SNV – Netherlands Development Organisation	Programme Leader, AFP (Agricultural and Forest Products)	<p><b>Sector Leader – Agricultural and Forest Products Programme, Vietnam</b>  <b>SNV - Netherlands Development Organisation</b></p> <p>Responsible for leading SNV’s Agricultural and Forest Products Programme in Vietnam, focusing on the <b>tea, cassava, cardamom, and acacia</b> value chains. The programme operated across four northern provinces (Son La, Lai Chau, Lao Cai, and Ha Giang) and two central provinces (Quang Binh and Quang Tri), with a total development budget of approximately USD 1.4 million per year, targeting 120,000 farming households over a three-year period.</p> <p>Managed a multidisciplinary team of <b>eight national and international experts</b>, and led multiple interventions, including:</p> <ul style="list-style-type: none"> <li>• Development of <b>market information systems</b>;</li> <li>• Implementation of VietGAP standards aligned with <b>GlobalGAP</b>;</li> <li>• Promotion of <b>quality standards</b> and <b>FSC (Forest Stewardship Council)</b> certification;</li> <li>• Introduction of <b>Climate Smart Agriculture</b> practices;</li> <li>• Provision of <b>policy advice</b> and <b>agricultural skills training</b>.</li> </ul> <p>Cooperated closely with business associations (e.g. Vietnam Tea Association, Farmers Union, Women’s Union), business councils, the Chamber of Commerce and Industry, trade unions, and farmers’ cooperatives to strengthen market linkages and policy dialogue.</p> <p>In <b>2010</b>, also provided regional support to <b>SNV Asia</b>, assisting in the introduction and institutionalisation of the <b>DCED Standard for Results Measurement</b> across <b>five countries (Vietnam, Laos, Cambodia, Nepal, and Bhutan)</b> and <b>six value chains (tourism, rice, bamboo, tea, fruit &amp; vegetables, and spices)</b>.</p>

Date	Location	Company	Position	Description
10/2006 – 07/2008	Accra, Ghana	GIZ/DANIDA – SPEED-II GOPA	Technical Director	<p><b>Technical Director BDS – SPEED-Ghana Project, part of GIZ Ghana programme. Implemented by GOPA (Germany)</b></p> <p>SPEED-Ghana (<i>Support Programme for Enterprise Empowerment and Development</i>) project, combined financial and non-financial support to promote rural micro, small, and medium enterprises (MSMEs). The project aimed to strengthen the competitiveness and sustainability of rural enterprises through both access to finance and improved business development services (BDS).</p> <p>Responsible for leading the BDS component (<i>Business Development Services</i>), focusing on SME promotion across selected value chains, including <b>wood products, medicinal plants, garments, and rural tourism</b>.</p> <p>Key interventions and achievements included:</p> <ul style="list-style-type: none"> <li>• Conducting <b>BDS market assessments</b> and facilitating <b>cluster development</b> initiatives;</li> <li>• Establishing an <b>Enterprise Information Service</b> as part of a national market system for business support;</li> <li>• Developing and promoting <b>quality standards</b> to enhance product competitiveness;</li> <li>• Facilitating <b>B2B partnerships</b> and enterprise linkages;</li> <li>• Designing the project’s <b>Monitoring &amp; Evaluation (M&amp;E)</b> system and introducing a <b>Quality Assurance Standard</b> for programme performance.</li> </ul> <p>Managed a team of eight professionals and oversaw an annual development budget of USD 1.5 million.</p>

Date	Location	Company	Position	Description
04/2004 – 09/2006	Dhaka, Bangladesh	GIZ – German International Cooperation	Programme Coordinator	<p><b>Programme Manager / Team Leader – PROGRESS / PSES Programme, Bangladesh GIZ – Private Sector Development Programme (€13 million).</b></p> <p>Responsible for the <b>development and management of GIZ’s comprehensive Private Sector Development Programme</b> in Bangladesh, initially named <b>PROGRESS</b> and later rebranded as <b>PSES</b>. The programme had a total budget of €13 million and a core team of four international and ten national staff.</p> <p>The programme focused primarily on the <b>Ready-Made Garments (RMG)</b> sector, which at the time employed around two million workers. Led the design and implementation of interventions promoting internationally accepted <b>social and environmental standards</b>, engaging a wide range of stakeholders including trade associations, garment buyers and brands, and the Government of Bangladesh.</p> <p>In addition, supported the development of <b>silk, jute, and leather</b> value chains through interventions in <b>product design, vocational skills systems, business management support for MSMEs, business enabling environment (BEE)</b> improvement, and <b>information services</b>.</p> <p>Actively contributed to sector coordination as a founding member of the Market Development Forum (MDF), a cooperation platform of major economic development partners in Bangladesh.</p>

Date	Location	Company	Position	Description
07/2001 – 03/2004	Ho Chi Minh City, Vietnam	Swisscontact / SDC	Programme Manager	<p><b>Programme Manager – SME Promotion and BDS Market Development, Vietnam Swisscontact - Co-finance by SDC</b></p> <p>Responsible for the development and implementation of an SME promotion programme grounded in international best practices in <b>Business Development Services (BDS) market development</b>. Included a detailed sub-sector analysis and BDS market assessment, forming the foundation for targeted interventions.</p> <p>The programme focused on the <b>plastic manufacturing sector</b> in southern Vietnam, comprising over 2,000 small-scale and 150 medium-sized enterprises, collectively employing around 35,000 workers. The programme strengthened ten BDS providers through capacity-building support in the areas of <b>export promotion, market information, environmental management, gender equality, vocational training, and integration of BDS with financial services</b>.</p> <p>In parallel, implemented a 10-month project in the <b>brick manufacturing sub-sector</b> in <b>Nam Dinh</b> (northern Vietnam), commissioned by the <b>Swiss Agency for Development and Cooperation (SDC)</b>, applying similar market-driven approaches to SME competitiveness and sustainability.</p>
05/1994 – 06/2001	Manila, Philippines	Swisscontact / SDC	Country Director	<p><b>Country Director for Swisscontact in the Philippines</b></p> <p>Responsible for the <b>management and strategic direction</b> of Swisscontact’s <b>Private Sector Development and Technical and Vocational Education and Training (TVET)</b> programme in the Philippines. The programme focused on three key components:</p> <ol style="list-style-type: none"> <li>1. Establishing and supporting a <b>countrywide network of vocational training centres</b> in partnership with <b>TESDA (Technical Education and Skills Development Authority)</b>;</li> <li>2. Delivering <b>didactical skills training</b> to a wide range of training institutions and providing management training and coaching to school leaders under the Managing the Quality of Training (MQM) framework;</li> <li>3. Strengthening the capacity of a national network of more than <b>25 Business Development Service (BDS) providers</b> to improve outreach and service quality.</li> </ol> <p>Worked closely with international partners, including the <b>ILO</b> and the <b>Springfield Centre</b>, contributing to the evolution of the <b>BDS market development paradigm</b> that later informed global best practices.</p> <p>Led a multidisciplinary team of 10 international and national experts, and was directly involved in sector-based market research, intervention policy formulation, planning and monitoring, and the development of intervention tools to ensure sustainable market impact.</p>

Date	Location	Company	Position	Description
